CLAIMED ATTENTION
ON CALIFORNIA TRACK

Race Horses Which Showed in Phoenix, Do Good Work in Los Angeles Meeting.

The horsemen and others who developed a friendly interest in the horses that recently showed at the fair race meeting, have been watching the papers closely to hear of some great performance of Audubon Boy in California, but so far nothing has been learned. It rained there more or less last week interfering with the race programs and it is quite likely Mr. Gatecomb did not find conditions desirable for the starting of the great pacer. In the Sunday Times, however, the fine pacer mare, Phylla, with a record of 2:05 1/2, when she came to Phoenix, and which was further reduced here to 2:04 1/2, gets a fine column picture that looks very natural. Among the few harness races of the week, the horses that attended the Arizona fair played important parts, as set forth in the following description of the races:

Charles Belden, the long-gaited bay gelding owned by G. L. DeRyder of Pleasanton, won the 1-1/2 mile trial in straight heats, the feature of the week's harness racing at Agricultural Park yesterday afternoon. The great son of Linwood W. was not required to step faster than a 2:10 gait but this was excellent time considering the condition of the track.

Coronado, the McKinney horse, owned by W. G. Durfee of Los Angeles, was second, Helen Norte, the property of Thomas H. Bruntz, was third. These were the only horses in the race as Grace Bond was scratched. Gatecomb's little mare like a lightning-fast track and the heavy condition of the track caused the New Hampshire man to withdraw her.

Charles Belden's victory was clean cut and greatly surprised the admirers of Coronado, but the Eastern contingent who saw Belden work out on the grand circuit, had their expectations realized. Helen Norte did not seem to like the heavy going and in the first two heats was a bad third, but in the last heat got warmed up to her work and pushed the leaders hard to the wire.

In the scoring, Coronado had the advantage to the evident dissatisfaction of Sister Stone, who after repeated attempts to get the horses off together lost his patience and cautioned Driver Durfee, threatening him with a fine, which resulted in getting the horses off in good shape. Coronado took the lead at the word, but at the quarter Charles Belden was ahead by half a length and still holding the pole at the half and three-quarters.

At the head of the stretch Belden gradually drew away from Coronado and the rest of the field, and although Durfee was urging Coronado to his best efforts, Belden got under the wire first fully two lengths in the lead. In the second heat the result was just the same. Belden having it apparently all over the McKinney horse and again winning by a couple of lengths. The time in this heat was 2:12, two seconds slower than the first.

In the third heat the horses got off together, but at the quarter Belden took the pole with the other horses close behind. Helen Norte showed up fine in this heat, keeping close to the leaders from the start and coming down the stretch in a magnificent burst of speed that brought the crowd to its feet, beating Coronado for second place, but at the wire she broke, the position being given to Coronado by the judges. The time in this heat was 2:13 1/2.

In the second race, Queen Pomona, the big bay mare owned by Louis Stock, won the 2:25 pace, decisively beating her field in three straight heats. The bay pacer was in fine trim and kept up a magnificent gallop from the start, never breaking once. Her driver, J. S. Stewart, never laid the whip on her. Queen Pomona's time in the last heat was 2:15, which gives her a mark.

The only real contender for the honors with the Queen was Henry N. the gray gelding owned by H. N. Henderson, who, in the first heat, took the lead, but dropped back at the quarter, where Pomona showed in front, which position she held all
